## KRAM – PACKAGING INDUSTRY EXPERT

### Company with Polish capital

KRAM is a family company with Polish capital which has been active in the market of film, paper and cardboard packaging for the food industry since 1991.

### We employ 400 employees

We have 3 production plants: in Dzierżgoń, Ostrowiec Świętokrzyski and Pasłęk. We employ over 400 people in total.

### We focus on integrity

Both in our day-to-day work and in our dealings with clients, we focus on integrity, professionalism and an individual approach.

### We support local community

The local community is also important to us – we support occupational therapy centers, sports clubs and charity initiatives.

### We are trusted by more than 2,000 customers

For more than 30 years, we have been committed to the high quality of our products. We use modern technologies, and our customers can count on professional advice. We are trusted by more than 2,000 customers.

## OUR PRODUCTION FACILITIES

We have 3 production facilities:

- **in Dzierzgoń** - we manufacture paper, cardboard materials: cups, bowls, take out boxes, burger boxes, boxes for confectionery, etc.
- **in Pasłęk** we produce PVC film and multi-layers films;
- **in Ostrowiec Świętokrzyski** we make wrapping papers, as well as all kinds of bags: folds, blocks.

All our production facilities  
are certified BRC

## PAPER CUPS

Takeaway paper cups. We produce them in our facilities in Dzierzgoń. It is one of the most popular products - its sales are growing year on year. As in the case of our other products, the most important is the high quality - we use only proven raw materials from Polish suppliers. KRAM cups will work well for both serving hot as well as cold drinks.

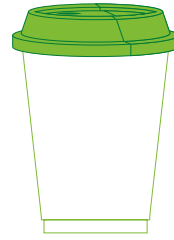

This type of packaging is also a great advertising medium, so you can stand out from the competition, and customers will remember your company. Due to the low unit cost of personalization, this type of packaging is used at trade fairs, training courses and conferences. Our offer includes two types of cups: single wall and double wall (thermal).

## PAPER BOWLS

Even the most delicious salad will not taste good if it is served in a bad way. At KRAM we know this which is why we focus on 3 things: quality of materials which our products are made of, modern, ecological appearance and durability and resilience. Our paper bowls are perfect for serving delicious salads, ice cream, soups, snacks, take-out meals. With the possibility to personalize, the bowl will be

a great advertising medium and your company will gain on recognition. It is possible to make custom printing. Paper bowls are available in 7 different sizes: 130 ml, 245 ml, 350 ml, 360 ml, 500 ml, 870 ml, 1000 ml.

## TO GO PACKAGING FOOD

Whether you run a small cafe, or large restaurant take-out packages are necessary to take care of the full customer service. At KRAM we know this which is why for our catering customers we have prepared a number of products that will allow them to safely store pre-prepared meals. Take out boxes are available in following sizes: 500, 750, 1000 ml, burger packs in sizes: M, XL, XXL, b-smarts,

lunch boxes, no leak boxes. The highest quality packaging is added to food products. The durability and barrier properties of the packaging material are very important, which allows the preservation of the taste, smell and visual qualities of the products, and protects the food against undesirable ingredients.

## BOXES FOR CONFECTIONERY

Cardboard boxes designed for confectioneries and bakeries are made of high quality cardboard that is 235 gsm thick. They are resistant to grease and moisture, the boxes are approved for contact with food. They are ideally suited for storing bread, cakes, pies and other confectionery products. Our cardboard boxes

stand out for their unique design that allows to fold them easily and quickly. The boxes take up little space and are easy for storage. You can order Individual imprint.

## GASTRONOMIC PACKAGING

Kram offers gastronomic packaging dedicated to HoReCa like: trays, used for serving: fries, nuggets, salads or burgers and lockable containers that will work great in transportation of soups, pasta, or loose foodstuffs. Brown paper barrier trays with their rounded shape fit perfectly in the hand. They are not covered with a Polyethylene film and water-based dispersion varnish, so that

they wouldn't get soaked and are much better for environment. They are recyclable. Both products are approved for contact with food.

## „NATURA“ PACKAGING

At KRAM we offer biodegradable and compostable products which are an excellent counterweight to polystyrene foam and other plastic products. They are made on the basis of bagasse, i.e. dried sugarcane fibers extracted during squeezing of juice from sugarcane stalks. These products do not leak, they are grease resistant and comfortable in use. They are resistant both to high as

well as low temperatures . Thanks to their aesthetic appearance they can successfully replace ceramic plates. As they are biodegradable they may be used in bars, restaurants, canteens, hospitals.

## CUTLERY

Kram offers quality wooden cutlery and stirrers, for every occasion. They are safe for health. They do not affect the taste of dishes. Comfortable to use they are an eco alternative to disposable products made of plastic. As they are biodegradable: knives, spoons, forks, spatulas, stirrers are not harmful to the environment.

The product is subjected to a special surface treatment so it does not delaminate during use. The cutlery will work great in cafes, food trucks, ice cream parlors making an excellent complementary product for takeaway dishes.

## WRAPPING PAPERS

We manufacture wrapping papers in our plant in Ostrowiec Świętokrzyski. Our wrapping paper is available in both rolls wound on a sleeve and in sheets with different sizes and weights (from 30 to 100 g/m<sup>2</sup>). The papers have all necessary certificates to direct contact with food, therefore, they are perfect for packing bread and confectionery.

In addition, we have fatproof papers which provide product protection. In addition to standard prints, it is possible to order customs imprint.

## DEVICES

One of our plants in Dzierzgoń produces devices for food packaging. The modern machinery, qualified staff and in-house design department guarantee fast deadlines and possibilities to adapt certain parameters to individual customer needs. Catering industry representatives appreciate the high quality equipment and

customer service. In the case of equipment failure, KRAM has own spare parts stock and our mobile service will repair the damage at customer's site. Dispensers cutters and peelers are very popular in Poland and across the world.
